## Notice

Electronic bid packages are available for the June 19, 2008 AM Letting. Instructions for using the electronic bidding system (EBS) are available from the Office Engineer's office. The printed bid sheets created from the EBS system must be placed in front of the bid item pages in the bidding proposal and will be turned in with the bid documents along with the proper disk. They should be placed and attached there without detaching the original proposal. (The paper copy of the bid items is the official bid document.) Please remember that you must use the electronic bidding system (EBS) when bidding projects in the highway Letting. Failure to use the EBS system could mean possible rejection of bids. Plans and proposals should be ready for sale on May 29, 2008.

If ordering plans only please call the Print Services Branch at 521-2586.

A Pre-Bid Conference will be held at 10:00 a.m. on June 6, 2008 concerning this June Bid Opening at the Oklahoma Department of Transportation (ODOT) Commission Room. Please review plans and proposals and send your comments and questions to the Office Engineer Division (attn: Masoud Pajoh) as early as possible at Fax: (405) 522-0972 or phone: (405) 521-2625. Please include JP, County, Letting date and Call Order (if known) in all your correspondence with Office Engineer. This will help both ODOT and Contractor.

All proposals not mailed must be turned into the Print Services Branch off the main lobby of the ODOT building until 30 minutes before the Opening. From 30 minutes before the Bid Opening until the time of the Bid Opening, bid proposals must be turned in directly to the ODOT Commission Room on the east side of the lobby.

Please write the call order number of the jobs you are bidding electronically on the disk label of the original disk. Be sure to save your work and any revisions you receive to your original disk and submit that disk with your bid.

**Long Form and Short Form Notices, Order Forms, Bid Tabs and Awards, can be accessed on ODOT's Web site**

**<http://www.okladot.state.ok.us/contracts/index.htm>**

Questions and concerns regarding projects on any Letting should be faxed to:

***Office Engineer Division at 405-522-0972***

or emailed to:

***[mpajoh@odot.org](mailto:mpajoh@odot.org) with copy to [bschmitt@odot.org](mailto:bschmitt@odot.org)***

Please include words "***Pre-bid question(s)***" in the subject line.

**Until further notice all projects which include a pay item for Contractors Quality Control (Item 643) will require the bidder to bid a minimum amount for that item.**

This minimum will be specified at the end of the Special Provision 648-1QA(a)99, Payment for Contractor's Quality Control. You may increase this amount as necessary to cover the estimated Quality Control expenses.

***Failure to include at least this amount will be considered grounds for rejection of Contractor's bid as nonresponsive.***

REMINDER

The Contractor will obtain the ODEQ Storm Water permit as the sole permittee, on all projects that disturb more than one acre. The Contract documents will contain a partially completed copy of the "Notice of Intent (NOI) for Storm Water Discharges Associated with Construction Activity", which is the official application for a Storm Water permit. The Contractor needs to complete Section I, "Facility Owner/Operator Information", "the Construction Start and Completion Date" in Section II and Section III "Certification". This signed document needs to be mailed to:

*DEQ  
Environmental Complaints and Local Services  
Storm Water Unit  
P.O. Box 1677  
Oklahoma City, OK 73101-1677*

The Contractor must submit a copy of the completed NOI and ODEQ's "Authorization to Discharge" at the preconstruction conference. The Contractor needs to allow four weeks from the time of arrival at ODEQ for the processing of the Storm Water permit. The Special Provision 220 "Management of Erosion, Sedimentation and Storm Water Pollution Prevention and Control", included in the Contract documents, provides a full explanation of requirements and basis of payment.

Note:

ODOT will no longer allow DBE credit towards project DBE goals for the supplying of liquid asphalt cement or other bituminous materials.

Reminder

The low bidder must submit to the Office Engineer Division written confirmation from the DBE that it is participating in the contract as provided in the prime contractor's commitment. This may be submitted with the bid or not later than the Department's close of business on the Wednesday following the bid opening. Otherwise the bid shall be considered nonresponsive and shall be rejected by the Department. **Please ensure that the DBE commitment provided in the proposal matches the written confirmation.**

**Only DBE firms listed for the Letting month on the following web site are eligible for DBE credit:  
<http://www.okladot.state.ok.us/regserv/dbeinfo/dcf2005.htm>**

*Reminder*

*Please be sure that bid bonds are stapled to the **back** of the proposal as instructed on the cover sheet of all proposals.*

**Do not disassemble the bidding proposal in any way.**

Note:

*Only written, Email, Fax and in-person orders will be accepted.*

The **Order Form** included in this Notice may be used to order plans and proposals for this letting.
