They should be placed and attached there without detaching the original proposal. (The paper copy of the bid items is the official bid document.) Please remember that you must use the electronic bidding system (EBS) when bidding projects in the highway Letting. Failure to use the EBS system could mean possible rejection of bids. Plans and proposals should be ready for sale on [July 31, 2008](#).

If ordering plans only please call the Print Services Branch at 521-2586.

A Pre-Bid Conference will be held at [10:00 a.m.](#) on [August 8, 2008](#) concerning this [August](#) Bid Opening at the Oklahoma Department of Transportation (ODOT) Commission Room. Please review plans and proposals and send your comments and questions to the Office Engineer Division (attn: Masoud Pajoh) as early as possible at Fax: (405) 522-0972 or phone: (405) 521-2625. Please include words "***Pre-bid question(s)***" in the subject line.

This minimum will be specified at the end of the Special Provision 648-1QA(a)99, Payment for Contractor's Quality Control. You may increase this amount as necessary to cover the estimated Quality Control expenses.

Failure to include at least this amount will be considered grounds for rejection of Contractor's bid as nonresponsive.

REMINDER

The Contract documents will contain a partially completed copy of the "Notice of Intent (NOI) for Storm Water Discharges Associated with Construction Activity", which is the official application for a Storm Water permit. The Contractor needs to complete Section I, "Facility Owner/Operator Information", "the Construction Start and Completion Date" in Section II and Section III "Certification". This signed document needs to be mailed to:

*DEQ

The Contractor must submit a copy of the completed NOI and ODEQ's "Authorization to Discharge" at the preconstruction conference. The Contractor needs to allow four weeks from the time of arrival at ODEQ for the processing of the Storm Water permit. The Special Provision 220 "Management of Erosion, Sedimentation and Storm Water Pollution Prevention and Control", included in the Contract documents, provides a full explanation of requirements and basis of payment.

Note:

ODOT will no longer allow DBE credit towards project DBE goals for the supplying of liquid asphalt cement or other bituminous materials.

Reminder

The low bidder must submit to the Office Engineer Division written confirmation from the DBE that it is participating in the contract as provided in the prime contractor's commitment. This may be submitted with the bid or not later than the Department's close of business on the Wednesday following the bid opening. Otherwise the bid shall be considered nonresponsive and shall be rejected by the Department. **Please ensure that the DBE commitment provided in the proposal matches the written confirmation.**
