Certifications

All certifications will be found in the calibration and verification books relevant to that lab. Exceptions are the following: Soils equipment and balances; those will be in a brown folder setting next to the soils verification books. Certifications for equipment used in the calibration or verification of equipment in multiple labs, such as thermometers, will be found in a folder marked Certifications in the top drawer of the file cabinet nearest the door to QA/IA's office.

"The mission of the Oklahoma Department of Transportation is to provide a safe, economical, and effective transportation network for the people, commerce and communities of Oklahoma."
