

## OKLAHOMA DEPARTMENT OF TRANSPORTATION

200 N. E. 21st Street

Oklahoma City, OK 73105-3204

November 25, 2014

Subject: Bridge and approaches on SH-48 over the Cimarron River, approximately 2.5 miles north of the junction of SH-51/SH-48, in Creek County, JP # 27925(04), J2-7925(004)

Dear Property Owner:

The Oklahoma Department of Transportation (ODOT) is considering improvements to the subject bridge. This letter is to inform you of the proposed project and to request your input on issues that are important to you as a resident, business owner, or local official in the area.

The project is currently scheduled to be let for construction in 2017, and will necessitate closure of the bridge and the approach roadway on State Highway 48. It is anticipated that the road closure will last approximately 180 days, with incentives to reduce the closure time. We are considering using the following as a state highway detour during the bridge closure: Northbound – from the junction of SH-48/SH-51, proceed east on SH-51 to junction SH-51/SH-151, then north on SH-151 to junction SH-151/US-412, then west to junction US-412/SH-48. (approximately 26 miles) - see attached map. While the state highway detour will be signed for the through state highway traffic, the local traffic will be able to utilize local county or city roads. Once the project is let for construction, information on actual date of closure and duration of closure can be obtained from the ODOT Field Division at (918) 838-9933.

A public meeting to present initial project information and receive public input regarding the closure will be held at **6:00 p.m. on Tuesday, December 16<sup>th</sup> at the Mannford Senior Center, 169 Greenwood Ave., Mannford, OK 74044.** The purpose of this meeting is to inform the public and solicit comments about the Department's proposed bridge closure.

If you require special accommodations for the meeting, please direct your request to Frank Roesler, III, ODOT Public Involvement Specialist, at 200 NE 21st, Oklahoma City, OK 73105, (405) 521-2350 or froesler@odot.org at least three (3) working days in advance of the meeting date.

Additional information about the project can be obtained from ODOT's Environmental Project Manager, Joe Brutsché at (405) 521-2325 or jbrutsche@odot.org.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dawn R. Sullivan".
