The projects below are all weather permitting:

SH-69A closes at Pryor Creek in Mayes Co. Monday

SH-69A will be closed at Pryor Creek in Mayes County starting Monday, March 9 for a bridge rehabilitation project. The bridge is located approximately four miles east of US-69. It was built in 1954 and is structurally deficient.

The \$2.8 million project will close SH-69A from the US-412B/SH-69A jct. east to Carbide Road. However, traffic can still access the Pryor Industrial Park on SH-69A from US-69. There will be a detour, US-69 north to SH-20, east to Carbide Road. Drivers should plan ahead for extra travel time around this work zone. The project is expected to complete in mid-June.
