I-40 narrowed east of Seminole through spring 2012

East and westbound I-40 narrows to one lane at various locations between Seminole and Okemah through spring 2012 for pavement reconstruction and installation of median cable barriers.

In September, the Oklahoma Transportation Commission approved a \$25 million contract with Edmond-based Duit Construction Co. Inc./TTK Construction Co. Inc. to rebuild the section of highway, which carries about 14,000 vehicles daily.
