## Oklahoma Safe Routes to School

## SAFE ROUTES NEWS

### **Job Well Done; Applicants!**

Sixteen communities statewide completed applications during the 2011-2013 Safe Routes to School (SRTS) application cycle. Communities competed for a share of approximately \$3 million dollars for engineering projects and educational programs designed to enable and encourage school children to walk or bicycle to school safely.

### **What's next?**

The SRTS Project Selection Committee completed their evaluation of submitted projects July 27, 2012. Their recommendations for project funding will now go to the Oklahoma Transportation Commission for approval.
