Notice

Electronic bid packages are available for the [February 15, 2007](#) AM Letting. Instructions for using the electronic bidding system (EBS) are available from the Office Engineer's office. The printed bid sheets created from the EBS system must be placed in front of the bid item pages in the bidding proposal and will be turned in with the bid documents along with the proper disk. They should be placed and attached there without detaching the original proposal. (The paper copy of the bid items is the official bid document.) Please remember that you must use the electronic bidding system (EBS) when bidding projects in the highway Letting. Failure to use the EBS system could mean possible rejection of bids. Plans and proposals should be ready for sale on [January 25, 2007](#).

If ordering plans only please call the Print Services Branch at 521-2586.

A Pre-Bid Conference will be held at [10:00 a.m.](#) on [February 02, 2007](#) concerning this [February](#) Bid Opening at the Oklahoma Department of Transportation (ODOT) Commission Room. Please review plans and proposals and send your comments and questions to the Office Engineer Division (attn: Masoud Pajoh) as early as possible at Fax: (405) 522-0972 or phone: (405) 521-2625. This will help both ODOT and Contractor.

All proposals not mailed must be turned into the Print Services Branch off the main lobby of the ODOT building until 30 minutes before the Opening. From 30 minutes before the Bid Opening until the time of the Bid Opening, bid proposals must be turned in directly to the ODOT Commission Room on the east side of the lobby.

Please write the call order number of the jobs you are bidding electronically on the disk label of the original disk. Be sure to save your work and any revisions you receive to your original disk and submit that disk with your bid.

Long Form and Short Form Notices, Order Forms, Bid Tabs and Awards, can be accessed on ODOT's Web site

<http://www.okladot.state.ok.us/contracts/index.htm>

Questions and concerns regarding projects on any Letting should be faxed to:

Office Engineer Division at 405-522-0972

or emailed to:

mpajoh@odot.org with copy to bschmitt@odot.org

Please include words "*Pre-bid question(s)*" in the subject line.

Until further notice all projects which include a pay item for Contractors Quality Control (Item 643) will require the bidder to bid a minimum amount for that item.

This minimum will be specified at the end of the Special Provision 648-1QA(a)99, Payment for Contractor's Quality Control. You may increase this amount as necessary to cover the estimated Quality Control expenses.

Failure to include at least this amount will be considered grounds for rejection of Contractor's bid as nonresponsive.

Note:

ODOT will no longer allow DBE credit towards project DBE goals for the supplying of liquid asphalt cement or other bituminous materials.

Reminder

The low bidder must submit to the Office Engineer Division written confirmation from the DBE that it is participating in the contract as provided in the prime contractor's commitment. This may be submitted with the bid or not later than the Department's close of business on the Wednesday following the bid opening. Otherwise the bid shall be considered nonresponsive and shall be rejected by the Department.

Only DBE firms listed for the Letting month on the following web site are eligible for DBE credit:

<http://www.okladot.state.ok.us/regserv/dbeinfo/pcf2005.htm>

Each separate proposal shall be accompanied by a certified or cashier's check or bid bond equal to 5% of the bid made payable to the State of Oklahoma, Department of Transportation, as a proposal guaranty. Proposal checks will be held or returned by the Department as per section 103.04 of the State Standard Specifications.

The minimum wage to be paid laborers and mechanics employed on this project shall be included in the proposal.

Plans, forms of proposals, contracts and specifications may be examined at the division headquarters in the division the work is to be performed or at the Oklahoma Department of Transportation Office Engineer's Division in Oklahoma City, Oklahoma.

This work will be done under the Oklahoma Department of Transportation Commission's applicable specifications for highway construction as depicted on the lower left corner of the plan's title sheet.

No refunds will be made for bidding documents or specification books purchased. Upon award of contract to a successful bidder, the contract will be completely and correctly executed by the contractor and returned to the Department within ten (10) working days from the date of award. The Department will have fourteen (14) working days from the date of award to complete its execution of the contract. The Oklahoma Department of Transportation hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex, religion, national origin, or disability in consideration for an award.

Bidders are hereby notified that all bids are likely to be rejected if the lowest responsive bid received exceeds the engineer's estimate by more than seven (7) percent. In the event all bids are rejected for this reason, this project may be deferred for re-advertising for bids until a more competitive situation exists.
