

June 16, 2010

TO: Contractors

FROM: Office Engineer

SUBJECT: Emergency Bridge Repair project to be Let on Friday, June 18, 2010  
Logan County

Gentlemen:

Please be aware that there will be an EMERGENCY LETTING on June 18, 2010 at 1:15 p.m. in the Office Engineer Division, room 1-A5, of the Oklahoma Department of Transportation. Plans and proposals should be available from the Office Engineer Division beginning June 18<sup>th</sup> at 10:00 a.m. at no charge. Tentatively, the low bidder's contract will be due back by 5:00 p.m. on June 18<sup>th</sup>, with work order to be effective at 8:00 p.m. on June 18<sup>th</sup>. There will be an on-site mandatory pre-bid conference for this project at 5:00 p.m. on Thursday, June 17<sup>th</sup>. This means only those bidders attending this mandatory pre-bid conference will be allowed to bid on this project.

**Project No. SAP-142N(205), J/P 27927(04)**

**Logan County - Str. No. 4230 0458 EX, NBI 14317, Northbound I-35 4.6 Mi N. Okla C/L (south of Seward Road)**

The existing three(3) cell reinforced concrete box culvert has undermined, partially collapsed, and must be replaced. The existing structure is a 12'-14'-12' x 12' RCB. Division 4 forces have closed the right northbound lane of I-35. An emergency project needs to be done to replace the collapsed portion of the structure.

The anticipated work is:

- (a) Remove the existing guardrail adjacent to the inside northbound lane.
- (b) Construct a scab-on shoo-fly adjacent to the inside northbound lane.
- (c) Place and maintain barrier wall.
- (d) Remove a portion of the existing pavement.
- (e) Drive sheet piling adjacent to the existing structure.
- (f) Excavate and remove the existing reinforced concrete box culvert section.
- (g) Construct the new reinforced concrete box culvert section.
- (h) Backfill the new structure.
- (i) Replace pavement.
- (j) Replace guardrail

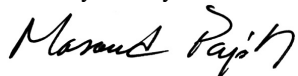

This is the anticipated work. The final design will be depicted in the plans.

As the emergency status indicates, this is a fast turn-around project. You are invited to visit this site at your earliest convenience to get familiar with the location and bridge. The contract will be assigned calendar days and Incentive/Disincentive special provisions will be included.

If your company has no interest in this project, this memo can be discarded.

**IF YOUR COMPANY DOES HAVE INTEREST IN BIDDING ON THIS PROJECT, PLEASE CALL US AT (405) 521-2625 OR COME BY THE OFFICE ENGINEER DIVISION TO HAVE A BIDDING DOCUMENT ISSUED AT NO COST.**

Thank you for your assistance in this matter. If you have any questions, please call (405) 521-2625.

Masoud Pajoh, P.E.  
Asst. Division Engineer  
Office Engineer Division
