CONTRACTORS WILL NEED TO **DOWNLOAD, AND INSTALL, THE NEWEST VERSION OF EXPEDITE BID (5.9a)** AND USE THIS VERSION WHEN SUBMITTING THEIR BIDS. THIS UPDATE MAY BE ACCESSED THROUGH THE ODOT WEB SITE AT:

www.okladot.state.ok.us/contracts/index.htm

REMINDER

ODOT NOW REQUIRES ON LINE BIDDING. TO GET SIGNED UP TO BID OVER THE INTERNET CONTACT BID EXPRESS AT (352)381-4888, OR

<http://www.BIDX.com>

Unless otherwise noted in the proposal, all bids must be submitted over the internet using Bid Express. If a bidder is unable to submit an electronic bid due to conditions out of their control, such as, a disabled network server, power outage, or other unforeseen emergency, the bidder must request and get approval to submit a paper bid. This written approval should include the justification for the request and be taken to the Office engineer for signature prior to the bid opening. Once signed, include the approval form with the submitted bid.

Until further notice all projects which include a pay item for Contractors Quality Control (Item 643) will require the bidder to bid a minimum amount for that item.

This minimum will be specified at the end of the Special Provision 648-1QA(a)99, Payment for Contractor's Quality Control. You may increase this amount as necessary to cover the estimated Quality Control expenses.

Failure to include at least this amount will be considered grounds for rejection of Contractor's bid as nonresponsive.

Reminder

The low bidder must submit to the Office Engineer Division written confirmation from the DBE that it is participating in the contract as provided in the prime contractor's commitment. This may be submitted with the bid or not later than the Department's close of business on the Wednesday following the bid opening. Otherwise the bid shall be considered nonresponsive and shall be rejected by the Department.

Please ensure that the DBE commitment provided in the proposal matches the written confirmation.

Only DBE firms listed for the Letting month on the following web site are eligible for DBE credit:
<http://www.okladot.state.ok.us/regserv/dbeinfo/DCF2005.htm>

Reminder

*Please be sure that bid bonds are properly executed through the Bid Express system or stapled to the **back** of the proposal with written bid.*

For written bids, do not disassemble the bidding proposal in any way.

CERTIFIED PAYROLL – FEDERAL RULE CHANGE

The U.S. Department of Labor, Wage and Hour Division, has revised regulations, pursuant to the Davis-Bacon and Related Acts and the Copeland Anti-Kickback Act to better protect the personal privacy of laborers and mechanics employed on covered construction projects.

The final rule, 29 CFR Parts 3 and 5, has an effective date of January 18, 2009. The revisions shall be applicable to federally assisted construction contracts entered into pursuant to invitations for bids issued or negotiations concluded on or after January 18, 2009.

The rule change states, in part, “ The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR Part 5.5 (a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead, the payrolls shall only need to include an individual identifying number for each employee.”

The rule suggests that the last four digits of the employee’s social security number be used as the employee’s identification number. There is no prescribed method required by U.S. DOL.

The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request of the federal and/or state agency responsible for the contract for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of the rule for a prime contractor to require a subcontractor provide addresses and social security numbers to the prime contractor for its own records, without weekly submission of such information to the sponsor government agency.

If the contractors utilize an electronic payroll system, a change from social security number to a personal identification number may require programming changes. If it is more convenient for the contractors, FHWA agrees that they may go ahead and make the necessary changes on all existing contracts, rather than only on those entered into after the effective date.

The provisions of the contracts will be revised to reflect this rule change as soon as practical. Should you have questions, you may contact the Regulatory Services Office at (405) 521-6046.

Notice

Internet bidding is required for most projects on the January 20, 2011 10:30 A.M. Letting. Instructions for using Bid Express, Expedite and the electronic bidding system (EBS) are available from the Office Engineer's office. When paper bids are allowed the printed bid sheets created from the EBS system must be placed in front of the bid item pages in the bidding proposal and will be turned in with the bid documents along with the proper disk. They should be placed and attached there without detaching the original proposal. (The paper copy of the bid items is the official bid document.) Plans and proposals should be ready for sale on December 30, 2010.

If ordering plans only please call the Print Services Branch at 521-2586.

A Pre-Bid Conference will be held at 10:00 a.m. on January 07, 2011. concerning this January 20 Bid Opening at the Oklahoma Department of Transportation (ODOT) Commission Room. Please review plans and proposals and send your comments and questions to the Office Engineer Division (attn: Masoud Pajoh) as early as possible at Fax: (405) 522-0972 or phone: (405) 521-2625. Please include JP, County, Letting date and Call Order (if known) in all your correspondence with Office Engineer. This will help both ODOT and Contractor.

Please write the call order number of the jobs you are bidding on any bidders disk submitted. Be sure to save your work and any revisions you receive to your original disk and submit that disk with your bid.

Important:

Effective with January 2011 Bid Opening, all bids for projects requiring pre-qualification will be submitted via Bid Express. Exceptions to this new policy will be discussed with the Office Engineer on a case-by-case basis, and noted on the Short and Long Form Notices

Effective with the June 2009 Letting, any firm bidding a project as a joint venture must complete the "Request for Joint Venture" form which is posted on the ODOT website.

Long Form and Short Form Notices, Order Forms, Bid Tabs and Awards, can be accessed on ODOT's Website

<http://www.okladot.state.ok.us/contracts/index.htm>

Questions and concerns regarding projects on any Letting should be faxed to:
