## CERTIFIED PAYROLL – FEDERAL RULE CHANGE

The U.S. Department of Labor, Wage and Hour Division, has revised regulations, pursuant to the Davis-Bacon and Related Acts and the Copeland Anti-Kickback Act to better protect the personal privacy of laborers and mechanics employed on covered construction projects.

The final rule, 29 CFR Parts 3 and 5, has an effective date of January 18, 2009. The revisions shall be applicable to federally assisted construction contracts entered into pursuant to invitations for bids issued or negotiations concluded on or after January 18, 2009.

The rule change states, in part, “ The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR Part 5.5 (a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead, the payrolls shall only need to include an individual identifying number for each employee.”

The rule suggests that the last four digits of the employee’s social security number be used as the employee’s identification number. There is no prescribed method required by U.S. DOL.

The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request of the federal and/or state agency responsible for the contract for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of the rule for a prime contractor to require a subcontractor provide addresses and social security numbers to the prime contractor for its own records, without weekly submission of such information to the sponsor government agency.

If the contractors utilize an electronic payroll system, a change from social security number to a personal identification number may require programming changes. If it is more convenient for the contractors, FHWA agrees that they may go ahead and make the necessary changes on all existing contracts, rather than only on those entered into after the effective date.

The provisions of the contracts will be revised to reflect this rule change as soon as practical. Should you have questions, you may contact the Regulatory Services Office at (405) 521-6046.

**Until further notice all projects which include a pay item for Contractors Quality Control (Item 643) will require the bidder to bid a minimum amount for that item.**

This minimum will be specified at the end of the Special Provision 648-1QA(a)09, Payment for Contractor's Quality Control. You may increase this amount as necessary to cover the estimated Quality Control expenses.

***Failure to include at least this amount will be considered grounds for rejection of Contractor's bid as nonresponsive.***

Reminder

The low bidder must submit to the Office Engineer Division written confirmation from the DBE that it is participating in the contract as provided in the Prime Contractor's commitment. This may be submitted with the bid or not later than the Department's close of business on the Wednesday following the bid opening. Otherwise the bid shall be considered nonresponsive and shall be rejected by the Department. There is new cover sheet that is required with these DBE confirmations, it is located at this web site below. **Please ensure that the DBE commitment provided in the proposal matches the written confirmation.**

**Only DBE firms listed for the Letting month on the following web site are eligible for DBE credit:**

**<http://www.okladot.state.ok.us/regserv/dbeinfo>**

*Reminder*

*Please be sure that bid bonds are properly executed through the Bid Express system or stapled to the back of the proposal with written bid.*

**For written bids, do not disassemble the bidding proposal in any way.**

Note:

*Only written, emailed, faxed and in-person orders will be accepted.*

The **Order Form** included in this Short Form Notice may be used to order plans and proposals for this letting.
