The state has been ranked in almost every national top 10 list of travel destinations. The Oklahoma City skyline is highlighted by the iconic Scissor-tailed Flycatcher, a perfect example of Oklahoma's uniquely diverse terrain. With 1,600 acres of saltwater, Great Salt Lakes, and nearly 9,000 acres of grasslands west of Cheyenne, accessible via SH-325, Oklahoma City offers a variety of natural wonders.

Get your adrenaline rush going with a two or four-wheel drive adventure, mountain biking, rock climbing, rappelling, fishing, and camping. Located in the scenic, hilly woodlands of the San Bois County, OSU-OSU College of Agriculture, Forestry, and Atmospheric Sciences is home to the Oklahoma State University Extension Service. Since 1937, the little town of Hugo has been known for its annual Quanah Parker Indian Festival, where visitors can experience Native American culture.

For those seeking a more relaxed atmosphere, the Oklahoma City Museum of Art offers a variety of exhibits, including the permanent collection of American and European paintings, sculptures, and decorative arts. The museum is located in the trendy Bricktown neighborhood, just a short walk from the OKC Power Playz, a multi-purpose entertainment complex.

Whether you're a nature lover or a cultural enthusiast, Oklahoma City has something for everyone. It's a destination that should not be missed!
