

**OKLAHOMA DEPARTMENT OF TRANSPORTATION
MATERIALS DIVISION
Aggregate Information**

The Test results of the samples taken by the Department, as set out in this report, represent only the aggregates that are present at the time of sampling. In as much as this sampling represents a limited amount of the production from the quarry, the test results should not be interpreted to imply that the Department warrants that the material produced from this site is acceptable to be used in work performed under the Department's construction contracts.

The Department makes no claim that this information is complete or accurate. This information is subject to change without notice.
