

## NOTICE OF PUBLIC MEETING

The Oklahoma Department of Transportation (ODOT), in cooperation with the Federal Highway Administration (FHWA) proposes to correct the structural and functional deficiencies of the bridges over the Salt Fork of the Arkansas and Cowskin Creek on SH-156, located 1.1 and 2.8 miles north of the Noble County line in Kay County. The proposed improvements are anticipated to include replacement of the bridges, without any additional improvements to the roadway.

As part of our efforts to keep the public informed of this project and involved in the decision making process, ODOT has scheduled a public meeting. The meeting will include a presentation about the proposed improvements including why the improvements are needed, the type of improvements proposed, and the expected impacts to motorists and the surrounding community. The purpose for the meeting is to obtain information from the public to further assist in the identification of critical social, economic and environmental effects that may result from the project.

The date, time and location of the public meeting is below.
