Public's last opportunity on old I-40 Crosstown interstate

Now that westbound I-40 Crosstown traffic has been switched and all traffic has been taken off the old Crosstown, the Oklahoma Department of Transportation wants to make available **a last opportunity for the public to visit the old bridge** before it is taken down and fully deconstructed.

This is a unique opportunity for young and old - whether your interest is taking a walk, capturing a picture or two or driving the old interstate bridge -join us on the old Crosstown for a historic moment. There will also be small mementos of old Crosstown pavement available as a keepsake, while they last.

- **Wednesday, Feb. 29, 2012**
- **10am - 2pm (come & go)**
- **On the old westbound I-40 Crosstown, between Robinson Ave. & Classen Blvd.**
- **Directions & Parking: The Robinson Ave. on-ramp will be the only method of getting onto the old westbound I-40 lanes. Parking for those wanting to walk the highway will be available in the center lanes. Those driving will continue at low speeds on the outside lane to Classen Blvd.**
