**RE: Oklahoma ARRA County System Phase Three Projects and ACOG and INCOG  
Metropolitan Planning Organization Area Phase Three Projects**

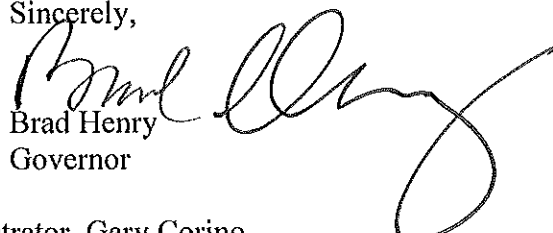

Dear Secretary LaHood:

Pursuant to the Section 1511 Transparency and Oversight Certification for recovery projects as required by the American Recovery and Reinvestment Act of 2009 (ARRA), enclosed is the State of Oklahoma's certification that the County System Phase Three, and the Association of Central Oklahoma Governments (ACOG) and Indian Nations Council of Governments (INCOG) Phase Three Recovery Projects and the investments represented have received the full review and vetting required by law and are an appropriate use of taxpayer dollars. This Certification is provided for the attached list of Recovery Projects only and is representative of the third phase of the County program, and the third phase of ACOG and INCOG's Metropolitan Planning Organization Area program.

These projects have been advertised by the Oklahoma Department of Transportation and are currently scheduled for construction bid letting in August through September of 2009. The projects are estimated to be financed with multiple funding sources, including ARRA funding. The final financing and ARRA participation levels will be determined to the extent possible at the time of authorization, and we anticipate that the final financing determinations will remain subject to further review and modification until the time of the award of the resulting contracts. The State will be submitting additional certifications on behalf of the Oklahoma Department of Transportation as necessary to address the remaining ARRA project phases.

Thank you for your guidance and cooperation. Of course, please do not hesitate to contact me should you have questions, comments or require additional information.

Sincerely,

  
Brad Henry  
Governor

I accept responsibility that the certified investments represented in the attached list are appropriate uses of taxpayer dollars. I further certify that the specific information required by section 1511 concerning each such investment (a description of the investment, the estimated total cost, and the amount of ARRA funds to be used) is available to the public at <http://www.okladot.state.ok.us/arra/index.htm>, linked to Recovery.gov, and at the Economic Stimulus Highways and Bridge Projects line item depicted on page 53 of the 2009 to 2012 Oklahoma Statewide Transportation Improvement Program (STIP) as approved by the Oklahoma Transportation Commission on March 2, 2009.

I understand that my State or local agency may not receive ARRA infrastructure investment funding unless this certification for the referenced projects is made and posted.
